

# DETROIT TESTING LABORATORY, INC.

## Calibration Services

Detroit Testing Laboratory offers a broad range of calibration services for all of your test equipment. Our calibration staff can perform calibration services at your site or in the DTL laboratory. Detroit Testing Laboratory, Inc.'s Calibration laboratory is ISO 17025 accredited by A2LA and can provide services to meet customers' strictest quality requirements. Our services are available on an annual contract basis, where DTL can manage your calibration schedules, as well as next-day service, if required.
